Hi Tara,

Do you know if the cans at this location are full now?

Yes we will look into this. Do we know if there are full cans there now for collection?

Much Appreciated,

Renée

Tara,

How are you? That doesn't sound right. I will look into this.

In the future, please give these LASAN issues to Albi, it helps to only have one contact for CD 8 for sanitation issues. It also keeps Albi abreast of everything happening sanitation wise, so we can review when we meet. Stay safe. Thanks

Much Appreciated,

Hello Renee,

I received a call from a building owner about trash not being picked up from his location : 2507 W Florence Ave. The owner indicated to me the city sanitation employee told him that they wouldn't be able to collect the trash from his location due to over grown trees on the block.

Can you please look into and see if this is the case.

Upon further conversation I asked the owner why this is just now becoming an issue, and found out that he just occupied his building with one tenant within the last 2 months.

Only one tenant right now occupies an apartment out of the 4 units and the owner is using the other trash bins getting the other units ready to be occupied.

Please advise if the trees are obstructing service and advise what my next steps should be.

Thank you

Tara Sullivan
